7. You will be brought to the view cart screen. Check your items, remove any unwanted items by clicking on the **red x**, when satisfied with your purchases click on **Proceed to checkout**.

8. Fill out the billings & credit card number section and click **Place Order**. Once your Credit Card details have been verified you will see the transaction successful screen, you will also receive an email verifying the payment.

This system is very secure & will insist on an additional verification step (this is called 3D verification). It usually takes the form of a notification to you phone to either swipe approval on a banking app or a code to enter.

Note - If your phone is not registered with your bank for this option, your card will not work.
